Source : Central Bank of Samoa

(a) The monetary survey consolidates the accounts of the Central Bank, the commercial banks and the Ministry of Finance (formerly known as Treasury Department).

The latter's accounts relate to the holding of foreign exchange and the position with the International Monetary Fund (IMF).

This survey shows the financial relationship between the monetary institutions' subsectors, whose liabilities include the economy's domestic liquidity, and other sectors of the economy.

(b) Includes the Samoa Commercial Bank which came into operation in April 2003.
